

OREGON BADLANDS WILDERNESS AREA

WILDERNESS BOUNDARY

BLM BOUNDARY

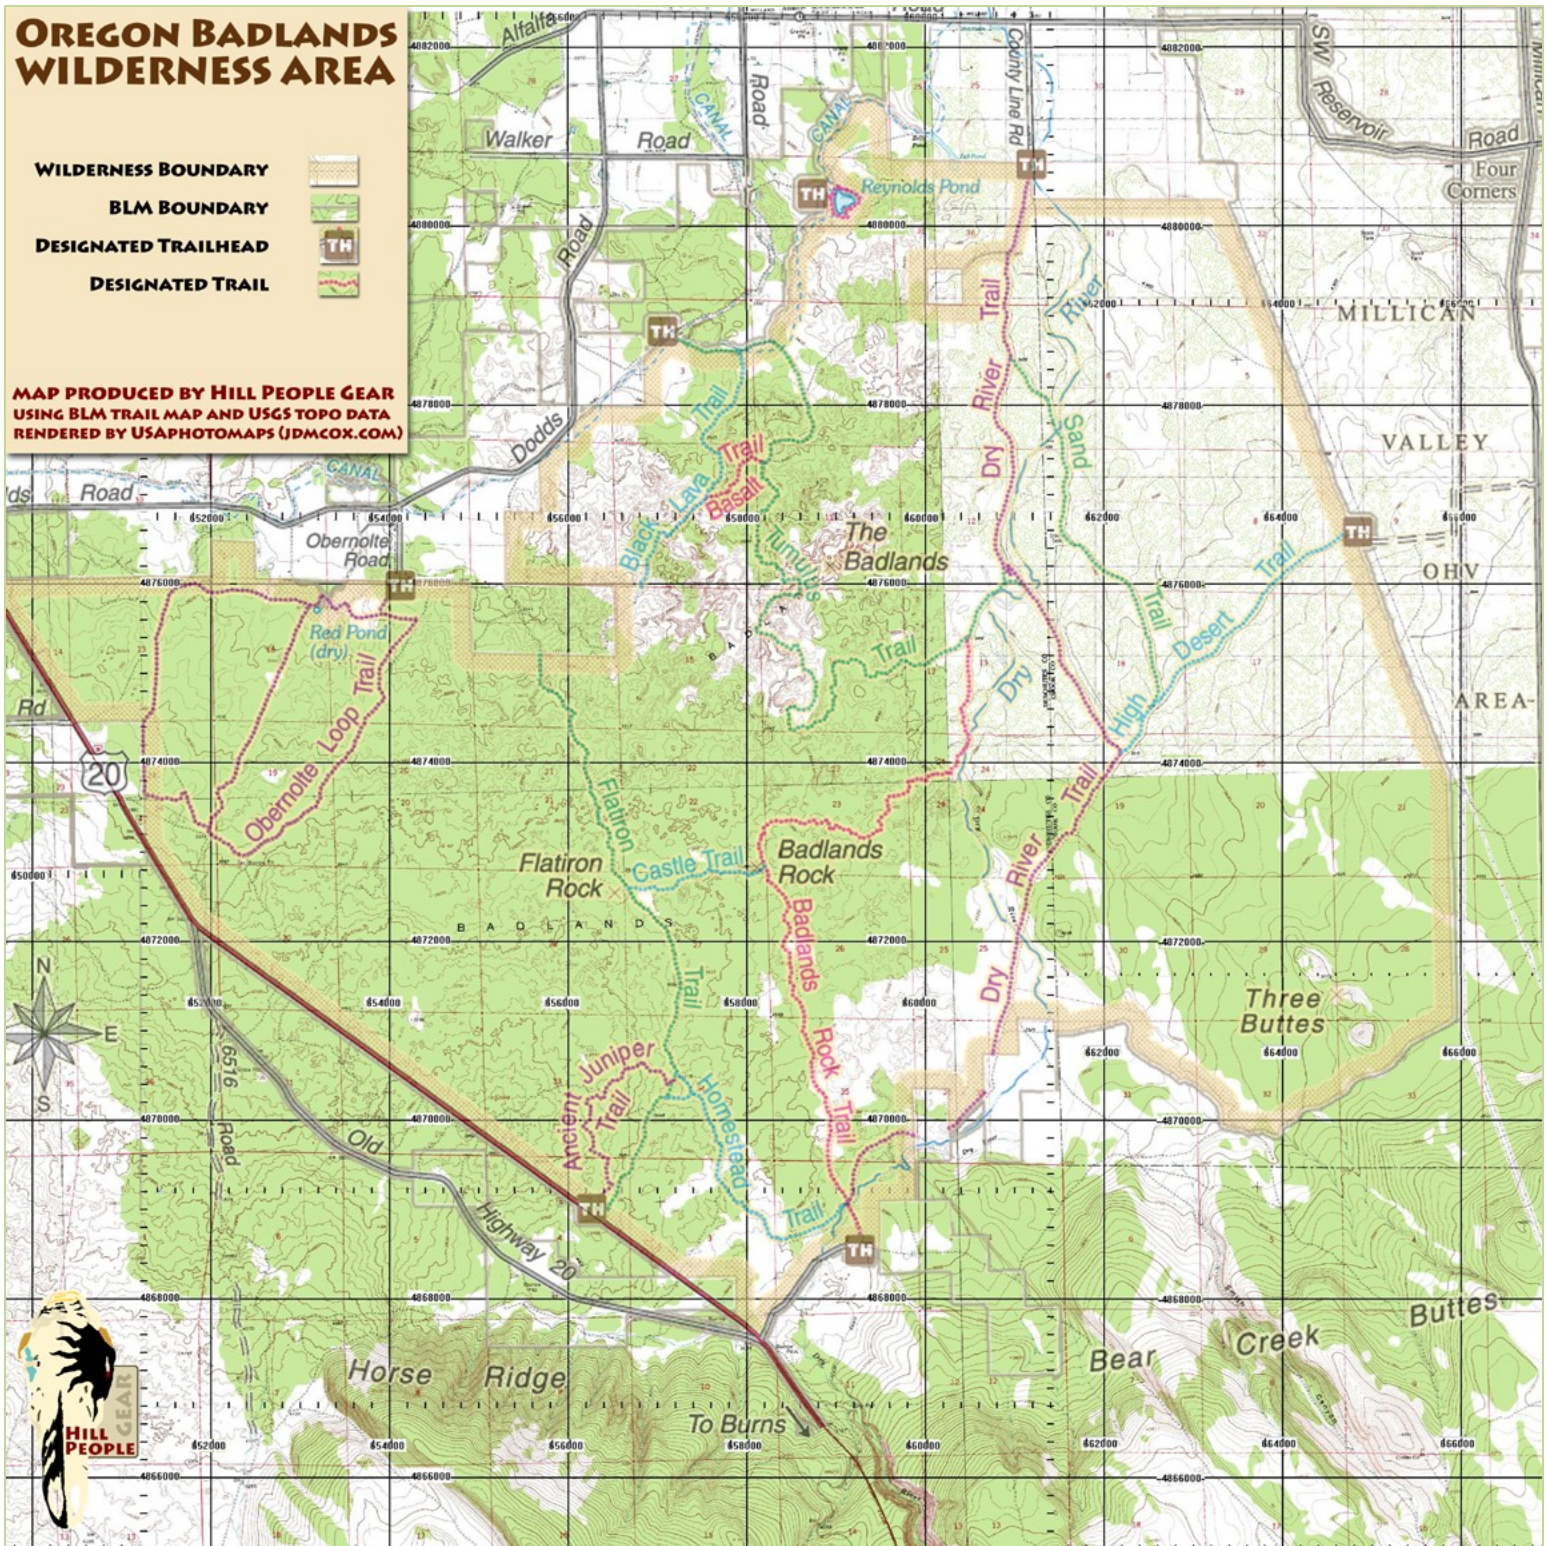

DESIGNATED TRAILHEAD

DESIGNATED TRAIL

MAP PRODUCED BY HILL PEOPLE GEAR
USING BLM TRAIL MAP AND USGS TOPO DATA
RENDERED BY USAPHOTOMAPS (JDMCOX.COM)

This overview of the Oregon Badlands Wilderness Area is part of a free 4 page series of home printable maps of the area produced by Hill People Gear (www.HillPeopleGear.com). It was produced using USGS topo data retrieved using the excellent donation-ware USApotomaps (jdmcox.com) overlaid with the BLM trail map of the badlands and edited in Photoshop and Word. Page 2 covers the Reynolds Pond area in greater detail, page 3 covers the Obermolte / Chitwood area in greater detail, and page 4 covers the southern area in greater detail. You can print all 4 pages out at home using double sided printing on National Geographic waterproof "Adventure Paper" and end up with a very usable map of the wilderness area on two 8.5x11 sheets.
